

Vivaldi Industrial Brake Pad Cleaning Spray

PRODUCT DESCRIPTION

An industrial cleaning spray containing high-solvency solvents that quickly dissolves oil, dirt, dust, and deposits in brake pad systems, leaving no residue. It is in aerosol form, evaporates quickly, and does not leave surfaces greasy.

INFORMATION ABOUT THE PRODUCT

Developed to dissolve and remove oil, grease, brake pad dust, dirt, and debris accumulated on pad systems, brake discs, drums, clutch surfaces, metal components, and automotive parts. Do not spray on electrical components. Prolonged contact is not recommended on paint, plastic, or rubber surfaces.

APPLICATION FIELDS AND CONDITIONS

- For heavy dirt and oil removal on brake discs and pads
- Industrial maintenance and service operations
- Mechanical parts that require quick cleaning
- Use in well-ventilated areas away from fire
- The surface is sprayed, contaminants dissolve, and the solvent evaporates rapidly.
- It is a pressurized container and should not be punctured or exposed to temperatures above 50°C.

TECHNICAL SPECIFICATIONS

Appearance	: Colourless – clear solvent mixture
Odour	: Solvent type
Density	: 0.70–0.80 g/cm ³
Boiling Point	: 55–80°C (mixture)
Flash Point	: < 0°C (high flammability)
Evaporation Rate	: Fast
pH	: Not applicable (solvent based)
Solubility	: Insoluble in water
Contents	: High purity aliphatic hydrocarbon solvents + CO ₂ propellant

PACKAGING INFORMATION

- 500 ml metal aerosol can
- Can head: Standard trigger/diffuser spray
- Cardboard box: 24 pieces / box
- Box weight: ~9–10 kg
- 280 KG steel drums (bulk packaging)
- Barcode: 8684641636273

STORAGE, SHELF LIFE AND TRANSPORTATION INFORMATION

It should be stored in a cool, well-ventilated area. It is recommended to store upright. It should be kept away from direct sunlight. It should be protected from temperatures above 50°C. It should be stored away from sources of ignition. Shelf life: **36 months** (in original packaging, closed).

ADR classification: **UN 1950 - Aerosols, Class 2.1 (Flammable Gas)**. Must be protected against shocks and impacts during transport. Empty cans must not be punctured or thrown into fire.

HEALTH AND SAFETY

Do not inhale, avoid contact with eyes and skin. The application area must be ventilated. If swallowed, consult a physician. Do not release into the environment. Keep out of reach of children.
